The Studio Spotlight

Podcast Studio 1 at The Share Studios is a cutting-edge space designed to elevate your podcasting experience. With room for up to four microphones, wireless cameras for video recording, real-time streaming capabilities, an array of sound effects, and live feedback tools, this studio is where your podcasting dreams take flight. It's a hub of creativity, enabling you to produce engaging, professional content that captivates your audience in real-time. Unleash your storytelling potential and make your mark in the world of podcasting at Studio 1.

Podcast Studio 1

Current Projects

- We are proud to announce a partnership between the Conservative Energy Network and The Share Studios in hosting the "Conservative Case for Community Solar" webinar. As a part of the Community Solar Freedom Coalition, we're committed to exploring the exciting possibilities that community solar brings to our communities.

- FINS (Fayetteville's Independent News Source) is your go-to news outlet for up-to-date, in-depth coverage of Cumberland County, North Carolina. We bring you the latest news, events, and community stories that matter most to you.
